

November 2017

Dear Mercy Educator.

Greetings from Dublin! We are looking forward to the 2018 *Pilgrimage for Young Mercy Leaders* which will be held from Tuesday, 31 July - Friday, 3 August. This pilgrimage for university students and young adults brings together students from across the Mercy world. For more information, see:

[http://www.mercyworld.org/the\\_centre/index.cfm?loadref=250](http://www.mercyworld.org/the_centre/index.cfm?loadref=250).

We hope you are making plans to bring a delegation of students. If you are please let me know and I will add your delegation name to the registration form as an option to choose from. We are asking that every participant (including accompanying staff) completes an online registration form available at this link:

<https://goo.gl/UAWtuh>

As we have been able to secure some funding for the Youth Leadership Programmes we are able to offer an early bird registration cost of €250 per person for all participants registered and paid before St Patrick's Day, the 17<sup>th</sup> March 2018. Registration cost after the 17<sup>th</sup> March will be €280 per participant.

We have a limited number of complementary registrations for staff/mentors accompanying groups who are willing to assist with the organisation or delivery of aspects of the programme when in Dublin. If you would like to be considered for a complementary registration please contact [heritage@mercyinternational.ie](mailto:heritage@mercyinternational.ie).

A significant addition to the Pilgrimage held this year was the walking tour of Catherine McAuley's Dublin which will also be a feature of the pilgrimage in 2018. We are delighted to let you know that Dr Karen Schneider rsm has agreed to return as a keynote presenter at the 2018 Pilgrimage.

Dr. Karen Schneider is an assistant professor of pediatrics at the Johns Hopkins University School of Medicine. Her areas of clinical expertise include pediatric emergency medicine and tropical medicine.

Dr. Schneider is a Sister of Mercy. She is well known for her post-disaster work in Haiti and for launching an elective in tropical medicine for Johns Hopkins physicians in pediatric residency training. This elective takes them to Guyana, Haiti, Kenya and Nigeria to experience medicine in countries with limited resources and to care for children who live in poverty. She has completed more than 80 medical missions.

Sr Karen has participated in the Pilgrimage previously and the groups responded very well to her input.

Thank you for making this pilgrimage available to your students and if you have questions or there is other information that would be useful to you, then please contact me at [heritage@mercyinternational.ie](mailto:heritage@mercyinternational.ie).

Blessings,

# PILGRIMAGE OF YOUNG MERCY LEADERS

for University Students and Young Adults

Tuesday 31 July ~ Friday, 3 August 2018

## INFORMATION SHEET

### Programme Description

Students and young adults from Mercy colleges, universities and young adult ministries will travel to Mercy International Association in Dublin, Ireland. These Mercy pilgrims will undertake their journey in the light of the story of Catherine McAuley, foundress of the Sisters of Mercy. Participants will emerge with a deeper appreciation of our Mercy tradition – past, present and future.

- **Past:** As they explore Mercy International Centre, pilgrims will hear the story of Catherine McAuley anew in the House she founded. They will learn about her spirituality and grow in understanding of the rich heritage of the Sisters of Mercy.
- **Present:** Pilgrims will gain a profound sense of the Mercy spirit alive today. They will be challenged by engaging speakers and will encounter the Mercy charism in the diversity of their fellow delegates.
- **Future:** As they reflect on their experiences in Dublin, pilgrims will come to know themselves as Mercy leaders. They will return home emboldened to strive for justice and Mercy, with the courage that Catherine demonstrated.

### Programme Content

All students will be able to spend time in Catherine’s original foundation house: praying in the chapel she built, walking across the floorboards of the room where she died, and exploring the heritage treasures housed at Mercy International Centre. There will be keynote addresses on Mercy leadership and a global perspective on mercy mission, a variety of workshops, discussions and meaningful rituals.

The fee covers all programme costs, and meals as stipulated above. We have a limited number of complementary registrations for staff/mentors accompanying groups who are willing to assist with the organisation or delivery of aspects of the programme when in Dublin. This may include newspaper articles; electronic or print newsletters, leaflets and posters; TV news clips; videos; Facebook postings; or similar media used in support of the mission of the Sisters of Mercy and Mercy International Association. There is a consent question as part of the registration form.

Increased regulations in the EU regarding the collection and retention of data come into effect in May 2018. MIA collects the data on the form for the purposes of organising the conference. After the conference we appreciate retaining the names and contact details of participants for archival purposes. There is a consent question as part of the registration form.
